Powering the Future of Electric Mobility ⚡

Advanced • Reliable • Cost-Effective EV Battery Solutions

⚡ About Us

SRJ Energy Technologies Pvt Ltd is an emerging energy startup focused on developing **next-generation EV battery solutions** for India's rapidly growing Indus electric mobility market.

We specialize in **2-wheeler & 3-wheeler** battery packs, delivering solutions that are **safe, reliable, and cost-effective**, designed to meet the real-world needs of Indian mobility while accelerating the transition to a cleaner, sustainable future.

⚙ Vision

To empower sustainable mobility by delivering **safe, modular and intelligent battery solutions** for India's two wheeler and three-wheeler ecosystem.

🎯 Mission

To accelerate EV adoption by building:

📁 Advanced Modular Battery Systems

📁 Swappable Battery Solutions

⚡ Fast-Charging Technologies

We deliver high-performance battery solutions that enhance user experience and support large-scale electrification.

⚡ What We Do

EV Battery
for 2W & 3W
